

# Marking Questionnaire Attachments Confidential

*This document is a quick reference guide on how to set up confidential questionnaire attachments in the Arizona Procurement Portal (APP). For questions, please contact the APP Help Desk at [app@azdoa.gov](mailto:app@azdoa.gov). Additional resources are also available on the SPO website: <https://spo.az.gov/>*

APP allows suppliers to mark sourcing project questionnaire attachments as confidential. Suppliers must mark these documents confidential before a bid period closes. Once a bid period closes only a procurement officer can manage confidentiality settings on questionnaire attachments. Attachments marked as confidential do not appear on the Public Portal.
