

Withdrawing or Amending an Offer

This document is a quick-reference guide for suppliers who would like to amend or withdraw an offer in the Arizona Procurement Portal (APP). If you have any questions, please contact the APP Help Desk at app@azdoa.gov. Additional resources are also available on the SPO Website: <https://spo.az.gov/>.

A supplier is able to amend, recover, duplicate or withdraw an offer within APP.

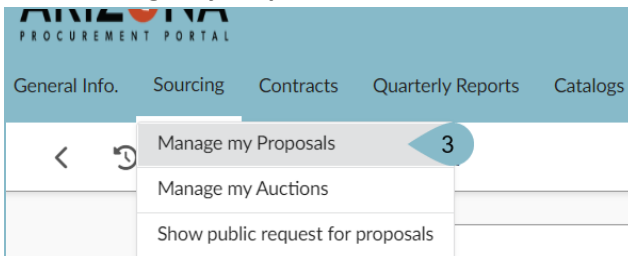

Amending an Offer

If the State issues an amendment (i.e., new round), the supplier will be notified via email and **will be required to acknowledge receipt of the amendment and re-submit a bid to remain under solicitation consideration** (refer to the Submitting an Offer QRG for further information on RFP acknowledgement and offer submission). While submitting a response to an amendment, the supplier has the ability to copy forward previous offer responses to streamline the submission process.

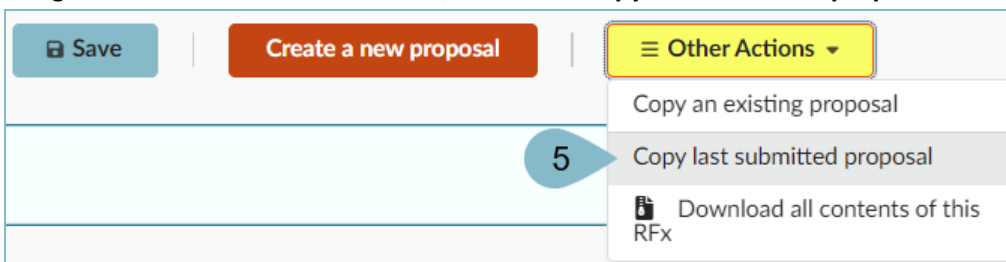

Similarly, if the supplier wants to modify an offer after it has been submitted without completely withdrawing themselves from the solicitation process, they can retract the offer, make edits, and submit a replacement offer.
